

## Training Report- HONDA (Press shop) on Servo & MP

### Main Objectives

- YASKAWA Products – Servo & MP Basics
- Maintenance of YASKAWA Servo motor & drive in HONDA Press line
- Brief overview on History of YASKAWA and its Products

We conducted basic and maintenance hands-on training of Servo & MP controller on 10<sup>th</sup> & 11<sup>th</sup> Sep at Bangalore.

HONDA have 1500 Ton H&F make Press with YASKAWA Super large capacity 220Kw Servo motor (12 nos.) and servo pack 55kw (48nos.). Last year we visited and proposed them the training. Five members from HONDA Cars, Bhiwadi, Rajasthan attended the training at our Bangalore office.

On 1<sup>st</sup> day Mr. Arumugam covered the topics on Servo pack, motor & trouble shooting. 2<sup>nd</sup> day, Mr. Ramesh covered the topics on MP controller, basic programming, troubleshooting & Maintenance. HONDA team were very happy and confident to handle their machine after our training.
