

YASKAWA Seminar at CII on “Regenerative and less harmonic solution for EOT cranes.”

About CII (Confederation of Indian Industry):

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes. CII is a non-government, not-for-profit, industry led and industry managed organization, playing a proactive role in India's Industrial development process.

CII - Sohrabji Godrej Green Business Centre taken an audit for energy saving and efficiency improvement for the Indian railway workshop. To provide Regenerative and less harmonic solution for EOT cranes installed at various workshops of India railways CII joined hands with YASKAWA India for providing the solution. YASKAWA legacy and uniqueness in offering solution for EOT cranes made CII to join hands with YASKAWA India.

Session highlights:

Detailed technical discussions happened at CII business Centre- Hyderabad on 02-01-2017. The session was welcomed by Mr. Venkatagiri- Executive director CII and 18 executives form CII joined for the session.

CII Campus:

Session by YASKAWA Sales team:

YASKAWA U1000 matrix drive was welcomed for less harmonic cum regenerative solution on EOT cranes. YASKAWA Power regenerative drive R1000 features and G7 three level technology was welcomed for the retrofit of old EOT cranes which runs with slip ring induction motors.

The master of the ceremony was Mr. Jasbir Singh (Associate Counsellor -Energy Efficiency CII) and key note session was done by Mr. Sreekumar (Yaskawa India Sales team). Session given a back ground for YASKAWA global presence and working culture followed by regenerative drives features of models such as U1000, R1000 and D1000.

Session ends with question and answer round. It was interactive and technical queries were addressed by the YASKAWA team. To sum up a short film of U1000 matrix features was shown. Vote of thanks for the session given by Mr. Maruthi from M/s Nandini enterprises (Authorized Business partner for YASKAWA)

Vote of thanks by YASKAWA ABP:

Filim- U1000 features:

Outcome of the session:

- CII team approved the YASKAWA solution for less harmonic and regenerative drives for EOT cranes.
- YASKAWA U1000, R1000 and G7 will be positioned based on the requirements.
- CII will introduce YASKAWA India to various workshops for Indian Railways across the country.
- YASKAWA India will conduct join presentation with CII for Indian Railways at 9 different workshops across the country and will make the feasibility study and proposal for energy saving for EOT cranes installed at Railways work shop.
